

Songs, Banter Highlight Lions Club Minstrel

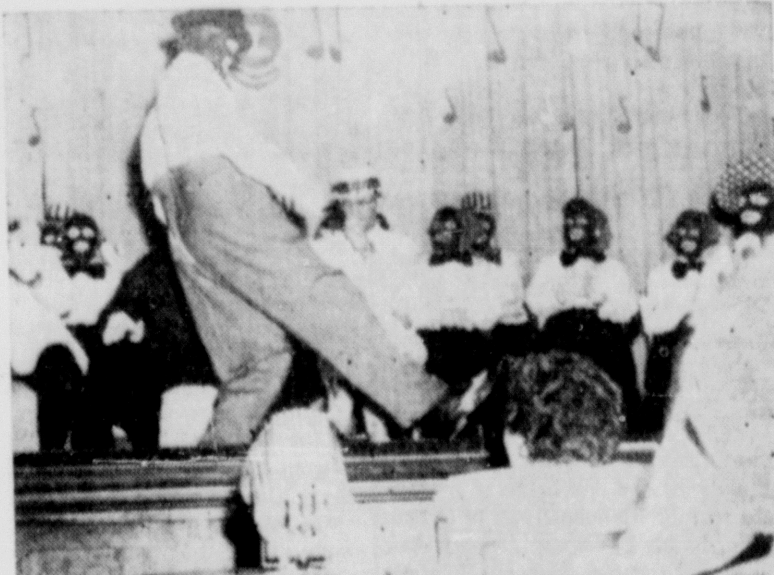

Songs, soft shoe routine and jokes kept things stirring two nights last week in the Cameron Lions Club minstrel.

These pictures touch only a few of the highlights. Interlocutor Eugene Mees battled wits with endmen Tom Boyd, Herbert Nance, George Bowman, Jimmy Wiggs, Richard Williams and Earle Pearson throughout the performance.

The cast presented flowers at the end of the second night performance to director Mrs. Bill Crockett, associate director Mrs. Herbert Nance and accompanist Mrs. Hilliard Thomas.

Audiences both last Thursday and Friday nights braved flu and cold weather to see the show. They heard a 14-voice choir, a three-piece combo, a barbershop quartet and a duet by Mrs. Robert L. Matthews, Jr. and Phil McCall and other solo numbers.

Proceeds went to local youth projects, Lions Crippled Children's Camp and a fund for eye glasses.

"High Pockets" Wiggs goose steps across the stage.

Dancer Bill Marek gives the crowd a soft shoe routine.

MINSTREL HIGH JENKS — "Bones" Bowman, center, tells another side splitter as interlocutor Eugene Mees and endman Herbert Nance look on. The chorus looks on during this first-act action at the Lions Minstrel. —Stafffoto

VOL. 100 — NO. 49

CC To Hear Will Wilson

State Atty - Gen. Will Wilson will be the featured speaker at the annual Cameron Chamber of Commerce dinner 7 p. m. Tuesday at First Methodist Fellowship Hall.

Chamber Manager Jack DuBois said that tickets were expected to be scarce by Monday since only 400 are available.

Highlights of the program will include presentation of the McCullin Award to the outstanding Cameron citizen of 1959 and introduction of the new Chamber president and vice presidents.

Also to be introduced are eight new directors and the eight retiring directors.

Often mentioned as a gubernatorial candidate, Wilson is expected to discuss topics about the state activities in combating crime.

Wilson was re-elected to his second term as attorney general in 1958 and will seek re-election to that post this year. He was frequently mentioned as a possible gubernatorial candidate this year before announcing to run for re-election as attorney general.

A native of Dallas, he is a graduate in geology from Oklahoma University and holds his law degree from Southern Methodist University, where he was top man in the class of 1937.

He has served two terms as district attorney of Dallas County, drawing national acclaim for his work against organized crime.

In 1950 he was elected to the Texas Supreme Court and in 1956 was elected to his first term as state attorney general.

New directors will be: A. W. McCullin, Henry Siebman, Richard Moseley, Morris Eplen, Edward Schiller, Jr., Earl Curtis, Gus Eiley and Don Humble.

Outgoing directors are: Leo Fuchs, O. B. Harden, Wiley W. Loughmiller, Louis M. McKee and Drayton McLane, Milton J. Schiller.

City Council Grants

New Taxi Franchise;

Smith Sworn In

The City Council Tuesday approved an application from Lonnie Armstrong, Cameron, for taxi franchise and swore in Charlie C. Smith, Jr., as City attorney.

In a short meeting, Councilmen approved Armstrong's application the second in the past four weeks.

Another franchise was granted Elmo Anderson, Waco, who told City Sec. John Andres he had been unable to get his two-vehicle taxi company in operation due to personal illness and was not sure he would open an operation here.

Armstrong had closed a taxi business earlier this year prior to Anderson's application.

Smith was sworn in as city attorney to succeed Jack Prescott, a candidate for county attorney.

BULLETIN

B. L. Miller, 703 East 10th St., has filed for councilman, Place 1. City officials reported that Miller filed late Wednesday morning to run for Place 1 held by Roy Griffith who is seeking re-election.

city posts is Saturday, March 5.

Incumbents Mrs. Dana Monroe and F. W. Vogelsang have filed for re-election to the school board. A one-year term vacancy awaits an appointment by the board.

The city council and mayor's race as of Wednesday was: for mayor, incumbent Bassel Wilson and Coleman Duncan; and for councilmen, incumbents Roy Griffith and Sam Houston, and new candidates E. L. Wied, Smith and Allen.

The school board election will be Saturday April 2, and the city election Tuesday, April 5.

County Looking For Drier March Weather

Ex-Cameronite Publishes First Novel In March

Bill Casey, a novelist born in Cameron in 1930, has published his first book, "A Shroud for a Journey", (Houghton Mifflin Company, Boston, Mass.)

The book will go into print this month.

Casey moved to Taylor from Cameron at the age of 5, where he lived most of his younger life.

He is working on a Ph. D. degree at the University of Texas, Austin, where he has been teaching.

The book's publishers list the novel as "a documentary of the romantic, wild streak in our inheritance." It is a story about a family's activities in two southern towns.

Houghton Mifflin editors rate "A Shroud for a Journey" a link in the tradition "that embodies the violent, prodigious, unregenerate qualities of our land."

"The tragic atmosphere of a Greek play is created here in a modern idiom," the jacket cover says.

The novel is not Casey's first literary effort. He has written an essay on Andre Malraux in "Twentieth Century Literature" and a satire in "Contact."

After a tour of duty in the Air Force in 1953, he went to Austin to work on his master's degree and teach.

Casey received a bachelor's degree in 1951 at Texas University. His wife, Kate, whom he married in 1957, is a poet.

Demand Exceeds Supply

Growers Seek Acreage

Milam County farmers have requested more than 13,000 acres of additional cotton acreage for planting while only 5,000 acres have been turned in for redistribution by ASC officials.

Alva Sanders, manager of the Milam County Agriculture Stabilization and Conservation, reported these figures today as the March 4 turn-in deadline drew near.

Sanders told The Herald that cotton allotment acreage turned in by the deadline would then be

available for distribution to other cotton growers wishing to plant additional acreage.

Milam County's cotton allotment this year is 50,117 acres, an increase of about 1,500 acres over last year.

This county crop total from about 48,000 acres in cultivation was about 17,000 bales.

Cotton growers voted 241 to 37 in December favoring continuation of the marketing quota control.

The 1,500-acre increase was due to figuring the five-year average of 1954 to 1958 and dropping

consideration of 1953 production which caused a cutback in county allotments.

Greater cotton acreage was planted during 1959 than in 1958, Sanders noted. The 1958 crop produced only 8,000 bales and the 1957 crop was about 11,000 bales.

If all the demand for cotton acreage matches the actual acreage planted, Milam County cotton growers will plant the largest cotton crop since 1953.

County farmers also voted in December to continue marketing quotas on peanuts, 46 to 2.

Rains, Cold Delay Field Work In Milam

Milam County farmers feared further rains this week as planting time approached for most major crops.

County Agent J. D. Moore said that cold weather and moisture had hampered soil cultivation for the 10th consecutive week.

He noted that about one-third of the fields are in early stages of soil preparation and one-third are scheduled to receive applications of fertilizer prior to planting.

Weather brought about .6 of an inch of moisture during the past seven days. Matched with cold weather, the soil moisture is slowing early spring work.

Prospects for a good year in agriculture appeared certain as cotton growers showed a demand for any extra cotton allotments.

Continued, strong soil moisture content showed favorable signs of good pasture for cattle. And grain crops should have favorable growing conditions with the water table up before planting.

U. S. weathermen forecast below normal precipitation during the next 30 days. So recent moisture will be an advantage with clearing weather during March.

February Sees

Only 5 Wrecks

Police Chief Chester Simons today reported that city drivers only had five accidents in February, three of them during the ice storm last week.

Simons said he wished to congratulate Cameron drivers on the good record during the worst driving weather in the year.

He said no major collisions occurred last week and that damage was slight in the three minor accidents.

School Maintains Valuation Rate

The Cameron School Board Tuesday night voted to maintain a \$1.50 per \$100 tax rate on a current school district valuation of \$7,956,000.

Supt. Wiley Loughmiller said the board had discussed a blanket increase in the valuation, but elected to leave the valuation at the present level, except where individual adjustments are set by a district tax equalization board.

The school board met in a called session Tuesday night at Ben Milam School. All board members were present except Dr. Gus

Evans, who was ill. Loughmiller said that board member Dr. David Shapiro left the meeting during the discussion of the tax problem, apparently in protest to majority consensus of board members F. W. Vogelsang, Max Howard, Niley J. Smith and Mrs. Lucille Monroe.

The board did restore the 5 cents lopped off the 1957 rate of \$1.50 per \$100 valuation in Tuesday's meeting. Two years ago school board members voted to cut 5 cents off the \$1.50 rate.

Restoration of the 5 cents per \$100 will bring in about \$4,000 a year more revenue for the school Loughmiller said.

In a recent meeting, the board had agreed to call a public meeting on the school district tax picture.

Board members also voted to tag three more days on to the end of the school year to replace the three days of classes lost due to weather conditions last week. School will officially end May 27 instead of May 24.

And Mrs. Monroe, acting board chairman, appointed Vogelsang, Howard and Smith to check conditions of school bus chassis for periodic replacement.

The board also voted to repair a 1951 school bus as a standby bus for use in case of breakdowns of other school bus equipment.

And the board voted to send Yoe High School cheerleaders and yearbook staff members to clinics at Southern Methodist University and Texas A & M this year.

WEATHER NOTES

Temperatures seemed to be climbing back to normal today after a week of drizzle and cold snaps shook Milam Countians. Total rainfall during the seven-day period was .68 of an inch according to the official readings at City Hall.

Need Bargains? Cameron Has 'Em \$Day

Guardsmen Meet Company Alert In 90 Minutes

Cd. C. 3rd Med Tk Bn (Patton) 11th Armor mobilized its man power in just 90 minutes and was ready for action in an alert test of the 49th Armored Division.

Capt. James T. Terry said the unit received the alert call from the 3d Med Tk Bn headquarters in Temple at 6:25 a.m. Feb. 21 by telephone. The guardsmen were informed of the practice alert. Rushing to their duty stations in uniforms the Cameron guardsmen checked out individual weapons and reported to their superior of Root.

"This was a true test of how fast our unit can be ready for action," said Capt. Terry. "Our men were quick in replying and orderly in carrying out their instructions."

When the local unit was doing its part in "Lone Star," the other Texas units of the 10,000 member 49th Armored Division were doing the same.

There was no prior rehearsal for the alert. Only key officers in division headquarters knew the exact A - hour of "Lone Star."

Each unit was checked for its speed and precision in getting ready to meet any emergency, a requirement of every national guard division in the United States. The alert was the first division wide exercise for the 49th armored division since "Operation Minuteman" in 1955.

Rev. Mitchell Hiers Resigns Post At Baptist Church Here

By Mrs. A. T. Swanzy
Rev. Mitchell Hiers has resigned as pastor of the Baptist Church in Ben Arnold to return to his home town in Georgia where he will work and probably resume his studies.

Bro. Bert Potter of Baylor University filled the pulpit at the Baptist Church for both services last Sunday.

Mr. and Mrs. Robert Lee Boyls and Lana of Cameron, formerly of Ben Arnold have moved to Temple where Mr. Boyls has been employed.

Mrs. Walter Strickler, Mrs. M. D. Swanzy, Nancy and Frances Dorrner, Mrs. Sonny Swanzy and Sharon attended a miscellaneous shower for Florence Swanzy of Waco, at D. Brown Library in Roschud last Saturday afternoon.

Sunday guests of Mr. and Mrs.

C. A. Eickhorst were Bert Potter of Waco and Mr. and Mrs. Charles Eickhorst and daughter of Temple.

Mr. and Mrs. Hugo Miller and Monica were Friday night guests of Mr. and Mrs. Alvin Weige.

Mr. and Mrs. L. A. Swanzy visited Mr. and Mrs. T. J. Prater and family of Heidenheimer on Sunday afternoon.

Nancy and Frances Dorrner attended a house warming for Mr. and Mrs. Rudy Helpert and family in their new home near Burlington Sunday afternoon.

Mrs. Lillian Graham of Ben Arnold fell and injured a knee one day last week.

Care Of Children, Other Dependents Is Deductible

"A part or all of the cost of caring for children and other dependents may be considered a deduction on that Federal income tax Form 1040, A. P. Andrews, administrative officer of internal revenue Service at Temple said today.

A deduction may be allowed for expenses paid for the care of one or more dependents if such care enables the taxpayer to be gainfully employed, or to actively seek gainful employment.

This deduction may be claimed by any woman or widower including men who are divorced, or legally separated under a court decree and have not remarried.

The dependent (or dependents) cared for must be a child 12 years of age, or a person who is physically or mentally incapable of caring for himself, regardless of age.

There are certain other necessary requirements in order to claim this deduction. For full particulars, interested taxpayers should phone or visit the Internal Revenue Service office.

Clarkson News Harrison, Skala Families Visit In Giddings Sunday

By Mrs. J. A. Blasienz

Mr. and Mrs. Bill Harrison, Billy Jack and Mr. and Mrs. Hubert Skala and Kelvin visited Mr. and Mrs. Charles Burnett in Giddings last Sunday.

Mrs. William Kohring had as recent guests Mrs. Gus Pimpler, Mrs. Will Knipple and Mrs. August Boeker of Ben Arnold and Mrs. Fred Starns of Yarrelton.

Mr. and Ms. Louis Skala and Lillie have been recent guests of Mr. and Mrs. Billy Ernst of Barclay.

Mrs. Oran Casey and daughter of Cedar Springs visited in the Hubert Skala home Friday.

Mrs. V. D. Dodd and Inez spent Saturday night with Mr. and Mrs. Alvin Dodd and sons of Walkers Creek.

Mr. and Mrs. Johnny Joe Hawk and children Billy Joe and Jill of Shepherd, Mrs. Joe Hawk, Jimmy and Butch of Cameron were guests of Mr. and Mrs. V. W. Hawk, Marilyn and Larry Saturday.

Mr. and Mrs. Dewey Black, Frank and Wilbur Lucko visited in Waco Monday with Mr. and Mrs. Frank Schiffel. Mr. Schiffel has been a patient in a Waco hospital recently. He is reported improved.

Mrs. John Matyastik and daughter Nancy attended the Sanders Smajstrla Wedding at the St. Mary Catholic Church in Waco Saturday and also attended the reception.

Guests of Mrs. John Matyastik Sunday were Mr. and Mrs. Louis Miller and daughter Roberta, Mr. and Mrs. Robert Baring of Burlington, Mr. and Mrs. Bill Stall of Buckholts, Mrs. Charles Payne of Cameron and her daughters Misses Rosalie and Nancy Matyastik of Temple.

Reportable Diseases

Reportable diseases in Milam County for the week ending February 27, 1960 according to Dr. T. E. Crump, acting director of the Milam County Health Department were 35 strep throat, 8 measles, 68 influenza, 1 mumps, 2 pneumonia, 1 syphilis and 1 tuberculosis.

You can serve Fruited Prune Patties with meat . . . and their tart-sweet fruitiness enlivens the whole course.
You can serve them as dessert . . . and their tender, golden crispness and flavor make for pleased well-being at meal's end.
These little patties combine tangy prune pieces, banana slices, nuts and orange juice in just enough batter to hold the fruits together. So when you fork through the tender outer crispness, it's fruits and nuts you meet, hot, fragrant and luscious.
When serving with meat, make the patties quite small. As a dessert, you'll want them importantly large. The orange sauce is perfect with both ways of servings.
Do try them. They're easy to make:

1/2 cup shortening	2 cups cooked prunes, pitted and coarsely chopped
1/2 cup flour	1 cup diced fresh bananas
1/4 cup sugar	1/2 cup dry bread crumbs
1 cup orange juice	1 egg
1 cup chopped nuts	2 tablespoons milk

Melt shortening, stir in flour and sugar until well blended. Remove from heat and gradually stir in orange juice. Bring to a boil, stirring constantly, and boil 1 minute. Remove from heat and stir in nuts, prunes, and bananas. Chill thoroughly. Shape into patties (about 4 level tablespoons each); roll in bread crumbs; coat well. Dip into combined egg and milk mixture, then into bread crumbs again. Fry in hot shallow fat until golden on both sides. Serve warm with Orange Sauce. Makes 16 small patties or 8 large ones.

ORANGE SAUCE

2 tablespoons cornstarch	2 cups orange juice
1/4 cup sugar	2 tablespoons grated orange rind
1 cup cooked pitted prunes, coarsely chopped	

Combine all ingredients and heat to boiling; boil 1 minute. Serve hot over prune patties. Makes 3 cups sauce.

CAMERON And MILAM COUNTY CHURCH NEWS General News

Local Churches To Observe World Day Of Prayer March 4

World Day of Prayer will be observed by the local churches on March 4. Services will be held at the First Presbyterian Church at 3 p. m. under the sponsorship of the Cameron Council of Church Women. Mrs. Pat Kelley is chairman of the local World Day of Prayer.

This event is an annual observance made by churches all over the world. Mrs. James Evans, national director of the Day for UCU, points out that services were reported from many hamlets all over the world.

Offerings are taken up and divided between Home and Foreign Missions. Aid is given for agricultural workers, help foreign students and many other foreign aid programs.

Each year over ten million women in the American churches and women in other countries observe this 24 hour prayer in a chain that reaches over 145 countries on six continents.

Some people have hands full before they get around to their own affairs.

Jehovah's Witnesses To Hold Temple Meet March 11-13

The Watchtower Bible and Tract Society of Brooklyn, New York is sponsoring an assembly for Jehovah's Witnesses in Temple, March 11-13. The gathering will be held in the V. F. W. Hall, 2311 W. Ave. J, and is expected to attract more than 600 delegates from south central Texas including about 22 from Cameron.

According to Fred Starnes, presiding minister of the Cameron Congregation, the purpose of the three-day meet is to provide additional instructions to keep the Witnesses alert in a world of worsening conditions.

Sessions will begin at 6:45 p. m. Friday, with morning, afternoon and evening meetings on Saturday and Sunday. Highlights of the assembly will include the Baptismal Service on Saturday, climaxing with the public address given on Sunday, "Finding Peace in a Troubled World."

Christianity Courses To Be Offered At St. Monica's Parish

Beginning on Monday March 4 and continuing for a period of six weeks, a christianity course will be offered at St. Anthony's School for all adults. Both Catholic and non-catholics are invited to attend.

The course will be for those who might be interested in learning more about christian teachings, and getting some first hand information on the Catholic position on certain doctrines which are generally misunderstood or about which there is much misinformation.

The classes will be held each Monday and Thursday evenings at 7:30 and will last for approximately an hour. They will be conducted by Rev. John Geiser.

All who may be interested are welcome to attend.

Episcopal Church Announce Schedule For Lenten Service

A schedule of the Lenten Service and Easter Services for the All Saints Episcopal Church is as follows:

LETTERS

to the

EDITOR

Hoyle Community
February 29, 1960

Dear Editor:

There is a two-fold purpose for this letter: one, to say I am glad to see the column "Letters" in The Herald after being omitted, and two, to send this clipping to you.

During World War I, I read a copy of Mother Shipton's prophecy that I found among newspaper clippings my mother or my grandmother had put in a scrapbook. When I read the letter from a loyal subscriber (Herald, "Letters" Feb. 25) and the poem "Tax" accompanying it, I remember having cut out a copy of this same prophecy from a Dallas paper in the early part of the year 1942. Now I wonder if the poem "Tax" is the explanation of the "tax burden" mentioned by Mother Shipton five or six centuries ago?

Very truly yours,
Mrs. Bernice Peed

EDITOR'S NOTE: We forthwith publish the text of the prophecy cited in Mrs. Peed's letter above. Mother Shipton, author of the "Prophecy", lived in England in 1488-1559. She was reputed to be the child of an Agatha Shipton and the devil. Whatever her derivation, she made some fantastically accurate predictions even though she could not write good

School Bus Drivers Hold Safety Meet In Milano Monday

The Milam County school bus drivers met in Milano School for a safety instructions meeting Monday.

About 40 administrators and school bus drivers were present for the meeting. Invocation was given by H. D. Maxwell and the welcome by J. W. Griffin, Supt. of Milam County Schools.

A program on state public school bus transportation was given by Richard M. Cummins, chief consultant of school transportation. The care and maintenance of buses was explained by C. D. Pratt, Milano.

Jack Blansit and Jack Straley, Safety Patrolmen, Dept. of Public Safety, explained the qualifications of school bus drivers and the laws and procedures that are to be followed.

A similar program will be held in the fall at the beginning of the next school term.

poetry. An accused practitioner of witchcraft, Mother Shipton died a natural death, leaving this choice bit of prediction to posterity.

THE PROPHECY

Carriages without horses shall go,
Disaster fill the world with woe,
Through towering hills proud man shall ride,

Nor horse nor ass be by his side,
Around the world men's thoughts shall fly
Within the twinkling of an eye

Beneath the water men shall be seen,
In boats of yellow, red and green,
Gold shall be found in stream and stone.

In a far land as yet unknown,
In London Primrose Hill shall be,
Its center hold a Bishop's See.

In water iron then shall float
As easy as a wooden boat,
Water and fire shall wonders do

And England at last shall admit a Jew.
A house of glass shall come to pass
In England, but alas, alas!

A war will follow, with the work
Where dwell the Pagan and the Turk,
Three times shall lovely, sunny France

Be led to play a bloody dance,
Before the people shall be free
Three tyrant rulers in succession be,

Each sprung from different dynasty,
Then when the fighting all is done
Brittan and France shall be as one,

The English rose shall next entwine
In marriage with the German vine,
And in the strange and far-off days

The women shall adopt a craze
To dress like men, and breeches wear,
And shear their lovely locks of hair.

They'll ride astride with brazen brow
As witches ride on broomsticks now,
Then love shall die and marriage cease

And nations wane as babes decrease
And wives shall fondle cats and dogs,
And men live much the same as hogs.

And then shall mighty wars be planned
And fire and horrors sweep the land,
And tax and blood and cruel war

Shall come to every humble door,
As Mars shall sound his dreadful horn,
Old worlds shall die and new be born.

The end will come, and all be done,
In nineteen hundred forty-one.

Major Crimes In Texas Show Big Increase In 1959

Major crime in Texas during 1959 showed a marked increase according to figures released to day by the Texas Department of Public Safety.

In a report from Col. Homer Garrison, director of the Texas DPS, aggravated assault gained the most with a 22 per cent increase over the year 1958. Crime in all categories increased 3.9 per cent over the previous year.

Of the remaining six major crimes — murder, rape, robbery, burglary, theft and auto theft — only robbery showed a decline. According to the estimates, there were 45,827 burglaries in 1959 as compared with 44,822 in 1958, an increase of 2.2 per cent. Offenses in the automobile theft category totaled 15,830 as compared with 15,402 in 1958.

The crime report showed that on each day of the year 1959 there were 125 burglaries, 43 automobiles stolen, 266 thefts other than automobiles, 32 aggravated assaults, 7 robberies, 3 rapes and 3 murders.

On a ten year basis crime in Texas percentage-wise by far out-gained population. During the last decade the population of our state increased 24.4 per cent while crime increased 73.2 per cent.

Of other information in the report, the department's Identification and Criminal Records Section received 72,434 sets of criminal fingerprints in 1959, compared with 110, 531 last year — an increase of 52.59 per cent. In the year 1950 identifications were made on 35,649 fingerprints, while 66,961 were identified in 1959; this was an increase of 87.33 per cent.

As was true in all phases of law enforcement work, activities in the department's chemical laboratory showed tremendous gains. In 1950, 2,500 chemical examinations were completed last year there were 10,179.

Tennis Highlights '59 Sports At YHS

The March 5th edition of last year's Herald highlighted tennis in the sports field. Interscholastic League was drawing near and tennis was proving to be the most popular sport on the Yoe High School campus.

Baseball practice was getting under way with outstanding young performers like Ernest Bayer, Bobby Griswold, and Carol Fikes coming out for the team.

Ray Tepera was leading the list of players on the team. In "58" Tepera was all district catcher and rated second in the conference batting championship.

Coach Jim Speer and Murphy Webster finished a week of attendance at a Dallas coaching school and Speer named the football managers for the following year.

The managers named were David Hudson, Ronnie Williams, and head manager, Paul Hauk. Triney Alvarez was listed as the squads trainer.

Purchase A Fishing License Before Fishing Fever Strikes

AUSTIN — "The fishing season is here, so get your 1960 fishing license before you get fishing fever," warns the director of law enforcement, Texas Game and Fish Commission.

Last month, 37 persons were charged with fishing without the required licenses. "Most of these probably were individuals who forgot about a license until they were already in the boat and fishing," said the director.

According to the Commission's monthly report on game and fish law violations, hunting contrary to the laws also ran high. A total of 70 persons were charged with illegally hunting at night. Some 29 were charged with hunting without resident licenses. Another 29 were charged with hunting in closed season, and 23 were filed on for hunting from an automobile.

Wardens arrested 19 persons for killing doves out of season, 5 for

hunting on game preserves, 14 for headlighting animals, 13 for killing deer in closed season, 12 in possession of wild doe deer, 2 for killing curlew, and 10 persons were charged for polluting public water.

A total of 413 violations were reported in January. Of these, 39 were dismissed in court, 3 served time in jail, 6 appealed, one had his fine suspended and two were found not guilty.

Fines for the month amounted to \$15,609.15 and court costs totaled \$662.00, making \$16,271.15 the amount paid by hunters and fishermen for game and fish violations in January.

The North American porcupine produces the largest youth of any mammal, in relation to the size of the parent.

Vets Launch Rabies Plan

A state - wide program for the voluntary prevention of rabies among domestic animals was announced here today by Dr. H. T. Barron of Taylor, president of the Texas Veterinary Medical Association. Dr. Barron said the plan calls for cooperation between civic officials and public groups and members of the veterinary profession throughout the state.

Emphasis will be placed on public education, the TVMA head said, to make sure all pet owners know that, not only is rabies preventable through immunizing vaccination, but that such vaccination may be ineffective or even harmful if improperly administered. At the

same time, he said, the veterinary medical association is calling on all regional officials and local veterinary organizations to cooperate with local rabies programs, so that all immunization may be done under the supervision of licensed veterinarians.

Dr. Barron cited the case last year when a small central Texas city launched a "rabies drive" through civic organizations, and sponsored vaccinations performed by non - medical persons. The vaccine was administered without proper sterilization precautions, he said, and many animals developed painful and sometimes fatal infections. The immunization is nega-

tive when such infection develops, he pointed out also.

Dr. Barron said that many pet owners and even civic officials have misconceptions about rabies. The most popular one is that hot weather is certain to produce rabies, hence the common fear of "dog days." Actually, rabies is not a seasonal disease.

"If pets are properly immunized, first about two months after birth, next six months later, and yearly from then on, immunization is about 98 percent effective," he said. "The time of year has nothing to do with the effectiveness of the immunization."

Cameron Auto Supply Boasts The Best In Name-Brand Parts

Cameron Auto Supply Co., located at 101 E. Main Street south side of the Courthouse, is celebrating their fifteenth year in Cameron. They have built their business on service to their customers, handling only the best quality, nationally known brands of replacement parts for all makes of automobiles, trucks and tractors. Such names as McQuary-Norris, Farm, Walker, Gates, A. C., Champion, Hastings, Autolite, Blackhawk, Lockheed and the Genuine

United Motors Lines including Delco - Remy, New Departure, Hyatt Carter, Rochester, Delco Batteries and other related lines that go to make up a complete stock of the best replacement parts available. In addition to the automotive lines carried they stock parts for Briggs & Stratton, Clinton, Lauson Power Products and Lawnboy small gasoline engines.

They urge owners of any of these small gasoline engines to get all necessary model and type num-

bers of their engines before asking for replacement parts as this information is very necessary to obtain the correct part needed.

Cameron Auto Supply believes in fairness to all. They have no giveaways, special prices on shoddy merchandise, only quality and service they expect themselves are good enough for their customers. Old customers and friends are always welcome, new ones are invited to visit us for their requirements to keep their automotive equipment rolling.

Stedman Co. Ford Tractors Are Dependable

You get power you can depend on with Ford Powermaster tractors available at Stedman Tractor Co., Cameron, according to H. H. Stedman, owner.

Stedman points out that his tractor agency features sales and service on all Ford tractors and field equipment and New Holland balers, rakes and mowers.

His company also handles the famous Maytag gas range, washers, dryers and conventional washers. Another product well-known for its efficient operation, Stedman says, is Toro Lawnmowers.

"We have operated a Ford tractor agency since 1946 on the basis of fair price on all our farm equipment good trade-in allowances on used equipment and the Best Ford farm equipment repair in Central Texas."

Hugh Smith has managed Stedman Tractor since it was opened. The agency was moved to its present location, First and North Central, a short time after it was established in Cameron after World War II.

"Stedman Tractor also has excellent service personnel in Leroy Barkmeyer, our service manager and Herman Reineke, tractor mechanic. Barkmeyer has 10 years of experience while Reineke has about seven," Stedman says.

Track Meet Schedule Released At Yoe High

Track Coach Jim Speer released a four meet schedule for the coming track season. Cameron's first competition will be against Taylor, March 12 in the Cotton Bowl Relays.

The Cameron relays will be held here the 19th of March and the Rockdale Relays will take place there the 26th of March.

This year's district meet will also be held in Cameron on the 14 of April for all 18AA competitors.

Speer is relying heavily on the speed and high - jumping abilities of sophomore Steve Malone. Last year he was district high jump champion and will try to match that performance again this year. He'll also participate in the high and low hurdle dashes.

Sprint man Ed Lierman will represent the Yoemen in the 100 and 224 yard dashes, both of which he won district in last year.

Showing up good so far this year is Senior Dwayne Juergens. Juergens is a 440 dash and relay man as well as a high jumper. Last year he ranked third in the district 440 year dash.

There are fifteen others backing up these top three. Leading them are Junior Douglas Parker, capable of clocking good time in

long runs are shortsprints. Carol Fikes, a junior 440 man and new comer, Amos Doskocil, a freshman round off the squads top point candidates.

The only other senior out for track, besides Juergens is Herb

Threalt. Juniors are Roy Wholeb, Elzie Warrick, Joe Harbour and are Jimmy Weathers, Johnny Richter and Thomas Leonard. Doskocil leads a staff of three fish, Joe Mayer, Earl McGoldrick, and Carol Richter.

AHS Basketballers Finish Season With 4 Win - 10 Losses

The Ada Henderson School basketball team under the coaching of Harrison McLarren have finished their season with good records.

The 8th grade team finished third in district competition with a record of four wins and ten losses. They won a trophy for second place in the Rosebud tournament. Mervin Lester was elected captain and Ronnie McWilliams was elected co - captain for the season.

The 7th grade team finished 2nd in their district with a seven win and four loss season. Elected co-captains were Dicky Ponder and Lawrence Laffere. Other members

of the team are Mike Perrin, Phil Eanes, Cliff Evans and Judson Smith.

Coach McLarren said that both teams looked good and the hopes for a future basketball team are bright.

"... Alvin runs into more bargains in the Want Ads—today it was an electric fan!"

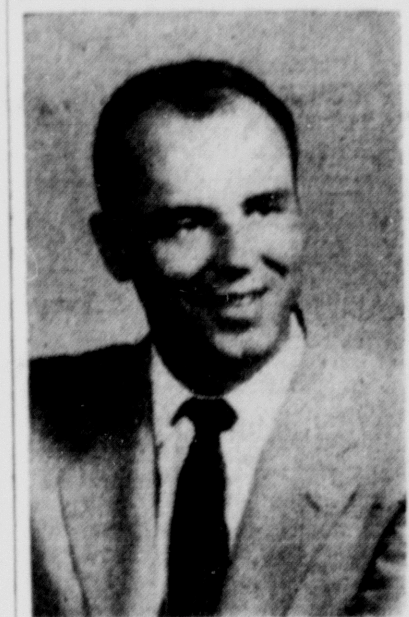

View On Sports

By ROBERT MANN

Horse racing is coming to Cameron as soon as warmer weather reaches us, we are told by Johnny Gelner, owner of a newly constructed track.

In the making for a number of months, the horse racing program will round off a number of recreation projects.

A new Little League baseball field, an eight - alley bowling center is on the way, and with mainstay recreation facilities like the public swimming pool, a nine hole golf course, and a well - rounded list of sports through the school system will keep sport fans busy this summer and in years to follow.

William Groop Groop Named Wire Chief At SWBTC

William Lloyd Groop, 30, has been named wire chief for Southwestern Bell Telephone Company in Cameron. He will succeed Raye Oakes.

Groop is a graduate of Giddings High School and attended Brenham's Blinn Junior College and the University of Texas. He is married and has two children, Tim 6, and Ronnie 2.

He is being transferred from Austin where he was a switchman at the Central Office. He also has experience in telephone engineering and planning. He has been with Southwestern Bell about 12 years.

Groop attends the Trinity Lutheran Church, Austin. He has worked with the Boy Scouts and served as Scoutmaster in an Austin troop and is a 1st Lieutenant with the 149th Military Police in Austin.

Gelner's track is located on his land and arrangements are being made for spectators to either remain in cars and watch the action or to get out for a better view.

The tract has a quarter - mile straight - away and then rounds into a half - mile oval loop. More details will be carried in The Herald in the next few weeks on the track's progress along with weekly coverage when the racing gets underway.

VOS

Spring will be on us in no time and along with it tennis will be carried into the sport limelight as it has been the past few seasons. Even though things are still plenty cold outside, youngsters can be seen in evenings and weekends sharpening up their portentional playing possibilities.

VOS

Invitational tract meets not far away and our fingers are crossed in due hope that we'll have better luck with old man weather than last year.

Cameron has strong chances of ranking high in the final meet tallies; Dwayne Juergens is showing a burst of speed this year along with sprint speedster Ed Lierman and Coach Jim Speer believes he has one of the up and coming young high jumpers in Central Texas in Yoemen sophomore Steve Malone.

CD's a Vital Part of Farm Safety

Civil and Defense Mobilization Director Leo A. Hoegh in a Farm Safety Week statement urges farmers to accept Rural Civil Defense as a vital part of farm safety in this nuclear age.

Mr. Hoegh pointed out that fallout from nuclear attack on key military, metropolitan and industrial centers could cover hundreds of thousands of square miles of the United States.

"EVERY FARM family, no matter how remote it may be from a target," he said, "should build a family fallout shelter and stock it properly. This means providing a two-week supply of food and water, a battery radio, a first-aid kit, flashlights, bed-

ding and other items that would be essential to your survival."

Mr. Hoegh said Farm Safety Week, July 19-25, serves to remind farmers of the need to recognize and support the objectives of the Farm Division of the National Safety Council.

He said: "This nation cannot survive and recover from attack without its farmers. Rural America has always carried a heavy burden in times of national emergency. In this nuclear age, it is more important than ever before."

Mr. Hoegh pointed out that fallout is one menace of thermonuclear attack against which

simple protective measures can be taken.

"It need not kill," he said. "It is up to you to take action. Nobody can do it for you, any more than they can ship you a packaged civil defense from a factory."

"SURVIVAL WILL always be a personal thing. What you know and do will determine whether you—and your family—will live to help the nation survive."

Director Hoegh said free plans and designs for various shelters can be obtained by writing to OCDM Rural Civil Defense, Battle Creek, Mich.

HORSTMANN BROTHERS

Cameron CYO Hosts District Meeting

The Cameron District CYC held its first meeting of 1960 in Cameron last Sunday, February 28. Approximately 200 members from surrounding clubs attended.

Clubs represented were the following: Bryan, St. Anthony's, Bryan St. Joseph's, Bremont, Burlington, Caldwell, Cameron, Hearne, Frenstat, Dime Box, Cyclone and Rosebud.

Main speaker for the day was Rev. Louis Wozniak of Bremont.

During the meeting it was announced that Frenstat girls and Cladwell boys received the volleyball sportsmanship award Dolores Gassen from Hearne was presented with a statue for being the outstanding youth of the District.

After benediction a delicious meal of barbecue and all the trimmings was served. Following the meal entertainment was furnished by the members of the Cameron CYC. Guest performer was Danny Kelly who played several selections on the piano.

From 7 to 10 p. m. a dance was held with music furnished by Gilbert Kautz's Orchestra. During the last intermission the best club award was presented to the Cyclone CYO.

Miss Cobb Visits Grandparents

La Donna Cobb, of Austin, new daughter of Mr. and Mrs. Nolan Don Cobb, was visiting her grandparents, Mr. and Mrs. C. S. Cobb and Mrs. Judy Atkinson over the weekend. She was born Feb. 11th in Austin.

Mr. and Mrs. Jerry Schiller and Marcia spent Sunday afternoon in Buckholts visiting her parents, Mr. and Mrs. Joe Krall.

Miss Sammie Dell Markham of Corpus Christi spent the weekend with her mother Mrs. Florence Markham and grandmother, Mrs. Mattie Houston.

Mr. and Mrs. R. L. Boyls, 1718 South 13th, Temple, announce the approaching marriage of their daughter, Carole Ann, to Mr. Harold Gene Pimpler, son of Mr. and Mrs. Edmund Pimpler, Cameron RFD. An Easter wedding is planned at the United Church of Christ, Ben Arnold. Miss Boyls is employed as bookkeeper at McLane Company, Cameron, and Mr. Pimpler is a parts department employee at Armstrong - Johnson, Austin.

Mrs. Anna Slama Hosts Party For Three Daughters

Mrs. Anna Slama was hostess February 29 for a 42 party in honor of her daughters, Mrs. Arnold Juergens, Mrs. Ollie Ernst of Rosebud and Mrs. Leo Hollas of Cameron.

Mrs. Slama presented each of her daughters with a corsage and a pair of earrings. The guest list included Mrs. John Matyastik of Clarkson, Mrs. Kosek of Ben Arnold, Mrs. Leo Stecker, Mrs. Bill Balhorn, Mrs. Mary Michalka, Mrs. Ralph Michalka, Mrs. August Kuntz and Mrs. John Kubish.

Mrs. Gandy Hosts Woodmen Circle

Rogers Woodmen Circle No. 546 met at 7 p. m. Feb. 25th in the home of Mrs. Molly Gandy. A short business meeting followed by a social was enjoyed by all. The next meeting will be March 17th 7 p. m. in the home of Mrs. Jim Shook. The circle meets once a month and everyone who belongs to the Circle is urged to attend.

High prize was won by Mrs. Leo Stecker. Second high prize was won by Mrs. Ollie Ernst and the 84 Prize was won by Mrs. Ralph Michalka. The hostess served cheese, kil-aches and coffee.

Q: I'm taller than most of the boys I know. This makes them feel self-conscious and I feel like a horse. What can I do to look shorter?

A: You're lucky to be tall and in a year or so most of those boys will probably tower over you. In the meantime, here are some hints to help you turn those extra inches into assets.

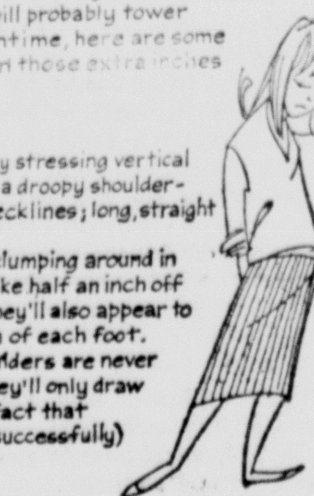

Don't add to your height by stressing vertical lines. This includes a droopy shoulder-length hairdo, V necklines, long, straight skirts.

Don't ruin your feet by clumping around in flats. They may take half an inch off your height, but they'll also appear to add it to the length of each foot.

Don't slump. Round shoulders are never attractive and they'll only draw attention to the fact that you're trying (unsuccessfully) to look shorter.

Do stress horizontal lines that will draw the eye out rather than up and down. A short, fluffy hairdo, rounded necklines and full skirts will make you appear more petite - and prettier.

Do take pride in your extra inches. Most models are taller than average and, later on, you'll discover that the most exciting and dramatic clothes are designed for girls who are 5'7" and over.

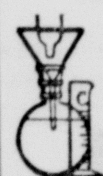

Diaper Data

Mr. and Mrs. L. A. Krenke, Cameron are the proud parents of a daughter, Debbie Renee. She was born February 26 at St. Edwards Hospital and weighed 7 lbs and 7 ozs.

Wilford Eric has joined the W. C. Solomon family at Route 1, Burlington. He was born February 27 at St. Edwards Hospital and weighed 9 lbs.

Mr. and Mrs. J. G. Soria, Cameron are the proud parents of a son, Silvia Charles who was born February 28 at St. Edwards Hospital. He tipped the scales at 7 lbs and 13 ounces.

SCIENCE IN YOUR LIFE

Push-Button Housekeeping

Young mothers may envy the very handy octopus. Modern appliances and home furnishings reflect the fact that two hands just aren't enough for the many tasks mothers must perform each day.

A push on a button today and the family wash comes clean - so do dirty dishes. Tomorrow super-sonic waves will do the family laundry - without soap or water! Today's houses are planned to cut down the mileage homemakers tally up on their daily chore rounds. In the future, mothers won't have to traipse all over the split-level to keep a watchful eye on the youngsters. A flick of a TV switch in the kitchen will bring in a picture of baby napping in the upstairs bedroom.

That's for tomorrow. Right now, it seems to the modern mother that one small infant takes more time and care than a whole push-button house. But here too, inventors are working in the right direction. Take the newest baby vitamins, they're push-button too. A single press on a pump-top plastic bottle squirts out the full daily requirement, no more, no less. The measured dose prevents Junior's gulping more than he should. The orange-flavored vitamins, called Viterra Pediatric, are protected against contamination and loss of potency because the contents are never exposed to air.

Now still a gleam in the scientists' eye, new wife-saving devices will streamline bringing up baby even further. Electronic engineers have already designed a device that cools or heats baby's bottle automatically with a tap of a button.

One thing is certain, great effort is being expended in all quarters to explode that old saw about "women's work is never done." For women, the time can't come fast enough.

Personal Mention

By Beverly Schiller

Weekend visitors in the home of Mr. and Mrs. Roman Marek were Mr. and Mrs. Ralph Porubsky of Los Angeles, Calif., Mr. and Mrs. Herbert Nenum and daughter of Brenham, Mr. and Mrs. George Tepera and sons of Sealey, Mrs. Frances Tepera and Mr. and Mrs. E. F. Kaminicky and daughter, Karen.

Mr. and Mrs. Otto Schulz were recent guests of Mr. and Mrs. Will Stoeber of Burlington.

Mrs. W. L. Cass and Mrs. Minnie Buffington spent the weekend in Cameron with Mr. and Mrs. Malcolm Cass.

CITY...

Our Congratulations...

Construction news again highlights developments in Cameron this time of year with announced plans for an enlarged bowling alley and a new sanctuary for the First Baptist Church.

And a number of businesses and residences are being remodeled or repainted. The enlarged bowling alley project of the Cameron Knights of Columbus will cost about \$125,000 and the First Baptist Church building program calls for a \$150,000 project.

These are considerable signs of confidence in the future of Cameron and Milam County. They show the faith Cameron residents have in our prospects for stability and growth.

Of course completion of Cameron's first Little League baseball park, capable of facilitating organized baseball through the high school age group, will be a significant addition to Cameron's lineup of recreation facilities.

We wish to point out the significance of recreation facilities in a community. With the day of shorter work weeks upon us, people have more leisure time and will spend that extra time where they can enjoy it. Such facilities for all age groups is a vital addition to a town.

It remains for time to tell the whole, vital truth of these projects and improvements. What we cannot see in the immediate future or at present will become apparent to us after a few months or years pass.

A short term view is almost necessarily less enthusiastic so that day-to-day events do not get out of control. But the forward view, the projected idea can be more optimistic because we can plan on making short-term realism result in long-term, optimistic success.

As anyone will tell us, nothing good in a business, community or nation ever happened overnight. It is the gradual development of the small bits and pieces into a solid picture that proves lasting.

We see this picture taking shape in the many projects in planning or already completed. We congratulate the organizations and individuals with the confidence and foresight to bring their plans to reality.

NATION...

It's Back To School...

There is a quantity of misunderstanding about things American arising from the open appraisals of our national education and defense systems.

Avowed progressive thinkers in both categories of interest are questioning the solidarity of American schools and American defense in the light of amazing Russian post-war growth.

This growth, in fact, has become a blatant threat to American world leadership and democracy in general. But, and that is a big word in this consideration, that threat has given rise to great concern among some thinkers who are pressing the panic button in the hope of arousing immediate educational and defense improvement.

"Scare" approaches to solving these immense problems will not motivate mass public opinion with positive effect. They will stir distrust in basic American systems that are undergoing re-evaluation anyway. Communism, the political heart of competitor Russia, could not ask for more.

Must we first destroy faith in our current systems to clear the way for more successful ones?

Answers may vary. But most assuredly, whenever the vacuum of distrust is created, there is room for both chaos and improvement to grow.

With all the arousing about shortcomings of our schools and bombers, we forget the ultimate stability of the U. S. And that is the people.

What Americans must do is to re-evaluate their reason for doing, not for being. We can change our values for doing more readily than revolutionize our thinking why we do it.

Russia's tremendous success in education and scientific defense developments is nothing more than a vast program of teaching fundamentals to their students. That process was once known as readin', ritin' and 'rithmetic in this country.

They put less emphasis on personality, more on production for improvement of the state. Did we not do the same things for 150 years in developing these 50 states?

Our schools suddenly became antique when "Sputnik" took to orbit. Did they? Of course not. The emphasis on bean bag and bop in our schools came gradually. "Sputnik" merely pointed up a need for a change from bean bag to biology.

Satellites and rockets suddenly outmoded American Strategic Air Command's powerful counter of any Russian attack. Did they? No! It meant that Russia went another direction to coerce fear in our salient defense. And now they have gone far enough ahead to force our change.

We see amazing developments in that vast Russian nation. But they see equally important things in this country or they would not press to overtake us.

The United States, a world leader, must expect this. Our chief problem is to convince ourselves that staying on top is harder than getting there. This does not involve "scare" techniques.

Once considered, our status as a world leader is jeopardized as much by fear in things American as by indifference to our role as a world power.

The true test of a nation is to rally to the rout currently foisted on us by powerful Russian propaganda and scientific techniques.

We are learning that the teacher needs to go to school too, but must not be frightened to her knees by a student.

Dateline... Austin

Water Is Still Big Question

By Vern Sanford
AUSTIN — We may have a muddy spring this year but will there be enough water for Texans in 2010?

This is not a fantastic question, but one that Texas' state and local officials, engineers and water planners are grappling with now. Out of their efforts come these items of news and views:

1. Gov. Price Daniel told a farm convention in Austin that Texas has made great progress in statewide water management in the past three years. But, he said, "much more remains to be done."

Water planning and development said the governor, is essential to the state's growth and prosperity in the years ahead.

2. A series of three meetings will be held during March along the Colorado River and its tributaries to discuss water needs of these areas for the next 50 years. Meetings will be held in conjunction with the U. S. Commission studying Texas' major river basins. They will be in Wharton March 8; Big Springs, March 15; and Austin, March 17. Colorado River Industrial Development Association (CRIDA) will sponsor the Austin and Wharton meetings, and the West Texas Chamber of Commerce the Big Springs Meeting.

3. State Board of Water Engineers called for a "time out" until March 8 on the longest - ever water hearing. At issue in the hearing which began Nov. 2 is whether the Trinity River Authority and City of Houston shall be granted permits to build two downstream reservoirs on the Trinity.

Water Board, apparently getting short on patience, advised opponents to get together and solve their problems cooperatively. Hearing has been given to long, bitter arguments and frequent flurries among participants.

San Jacinto River Authority has been chief objector to granting of the permits. SJRA contends that Houston will shortly need more water for domestic use but that Trinity water, because it contains sewage from Dallas and Fort Worth, is not suitable. San Jacinto officials say Houston should work with SJRA to meet the city's domestic water needs.

In the far - ranging testimony, water engineers discussed the probable water needs of Houston, Dallas and Fort Worth in 2010 and the possibility that Texas might be subjected before 2010 to a drought worse than that of 1950-57.

4. Texas is losing the battle for industry because of inadequate water supply, the director of UT's Balcones Research Center told an Austin meeting.

"Central Texas is in good shape," said Dr. J. Neils Thompson, "but the rest of the state is in sorry shape."

Texas has an average annual rainfall of 27 inches compared to an average of 30 inches for the U. S. as a whole, said Dr. Walter Moore, also a UT engineer.

But he said Texas has a special problem - an evaporation rate 30 to 100 per cent higher than for the U. S. as a whole.

AUTO DEATHS DROP
Texas had an "almost sensational" 28 per cent drop in traffic deaths in the first seven weeks of the year, Governor Daniel announced.

This is the period since the new Safe Driving Auto Insurance Plan went into effect.

There were 69 fewer deaths during the first seven weeks of this year than during the same period in 1959. Drop was from 243 deaths in 1959 to 174 this year.

Board Insurance Chairman Penn J. Jackson said he felt the new insurance rates, which are higher for careless drivers, were due at least a portion of the credit for the improved safety record.

Conclusive evidence, both the governor and insurance board chairman agreed, would have to await more time and statistics.

I Give You Texas

By Royce House

On the subject of memory:

You can know a man - and know him fairly well - and still have difficulty in immediately calling his name.

It may be that you haven't seen him in a good while; or it is on the street in Fort Worth and he lives 200 miles away. If you saw him in his home town, "association" would help you. (We speak of not being able to "place" someone.)

Sometimes you might know a man very well and still your memory refuses to come up with the name.

Fred Korth is one man who realizes this and so he supplies his name when he greets you. He is impressive in size and appearance, has an excellent voice, formerly was Assistant Secretary of the Army and recently became president of the Continental National Bank in Fort Worth - all in all, a man who because of achievement and appearance certainly can have every right to expect to be remembered, yet he considerably supplies his name.

Pat Neff was introduced to someone as "ex-governor of Texas." Neff quickly said, "No - former governor! A former governor is one who retired; an ex-governor is one who got beat."

Neff was the finest speaker in Texas in his era I heard him speak at the State Democratic Convention in Austin (in 1952, if my memory serves me a-right). He spoke for half an hour, perhaps a little longer; his language was elevated; his thoughts were

Tid Bits

Many people prefer to empty glasses, rather than to wear them.

Insurance keeps many a man poor, so that his heirs can have a quarrel.

It must be a trying experience to be the wife of a feller who is the life of the party.

The longest 29 years of any gal's life lies between her first and 35th birthdays.

The original part of the U. S. Capitol was built of sandstone, taken from a quarry owned by George Washington.

President Andrew Johnson never attended school.

At one time, during the middle 1890's as many as 350,000 llamas were used to carry ore from the mines in Peru, South America.

Good News!! 32 of America's 54 million families owe no debts.

Radish seed is the best seller among garden seeds, in most years.

Woodpeckers are native to most areas of the world, except Madagascar and Australia.

The

LITTLE RIVER

Philosopher

THIS WEEK:

Dear Editor:

I read an editorial in a newspaper the other day. I've forgotten the name of the paper but it was from a big city because I remembered it was heavy, which solved the farm problem.

This disturbed me because the farm problem has always been something you could rely on, like restlessness in Europe. Regardless of how many other problems were solved, you always figured the farm problem and restlessness in Europe would be around, but this paper said the farm problem will solve itself.

"When so many farmers move to town that the ones left on the farm have to hustle to raise enough to feed and clothe their town customers, the farm problem will be solved," the editorial said.

However, when I say solved, I mean only in the newspaper editorial writer's mind, not in mine.

In the first place, he implies that the main purpose of a farmer, even one that's not hustling, is to feed and clothe people in town, whereas most farmers I know have as their main concern the feeding and clothing of themselves and their immediate families, with occasionally a son-in-law thrown in.

In the second place, hustling is not the answer for the farmer. It's hustling that has brought on all the surpluses.

And in the third place, if that big city editorial writer thinks when the time comes, if it ever does, when he doesn't have enough food and clothes to buy that that fact is going to make me hustle and work harder, he'd better keep a few acres handy to farm himself in between editorials. This also applies to you. In fact, anybody who is depending on me to work harder when he runs short on food and clothes, had better re-study the farm problem, or at least re-study me.

I know some people consider farming sort of like the post office system. It's a public service institution and you're not supposed to make a profit out of it, but very few farmers subscribed to this idea.

Anybody in town who figures his future is secure because if he ever runs out of food and clothes, I'll work harder, is not taking a practical view of the matter.

The population of some prairie dog colonies is thought to exceed 400 million. Some spread over 25 square miles of land.

People In Town Depending On Farmers Should Re-Study Farm Problem

What'll happen is, I'll work about to charge double for their editorial - the same and charge double for ials. You think they can swing it? what I produce. Then it'll be up to the newspapers, for example, Yours faithfully, J. A.

Washington Dateline...

Poage, Johnson Report Issues

Senate...

Senate Majority Leader Lyndon Johnson voiced belief Sunday that the "overwhelming majority of the Senate wants to act on a bill that protects voting rights."

In a radio broadcast recorded for his Texas constituents, Johnson discussed the civil rights legislation now before the Senate.

He told his listeners that protection of voting rights is a national issue and one that cuts across regional and sectional lines. Johnson said the issue must be faced squarely and honorably.

House...

By Cong. W. R. Poage
There is no question more vital than that of our ability to survive. If we allow the Soviet to gain such a position of power as to hold the clear ability to destroy us, who doubts that they will use it? We would then face either physical destruction or political and national destruction. This is possibly the only clear and undisputed point in the present defense controversy.

Fortunately, no one thinks that the U. S. S. R. now holds that power. When the President says that our present defense (our ability to strike back is adequate to deter any aggressor, I feel we can all agree. The real problem is what will be our position 2, 3 or 5 years hence?

I think everyone (with any claim to knowledge) who has discussed the matter has, with the single exception of the President, admitted that Russia has the present capability of putting Intercontinental Ballistic Missiles into action faster than we have. It is true that some of our intelligence agencies have changed their estimates from Russian capabilities to estimates of Russian intent. This is the cause of some of the confusion and apparent misrepresentation. I think we would do well to base our actions on Russian capabilities, and assume that she will add to her strength as fast as she can, - I don't feel safe as she can, - I don't feel safe defense.

As a member of the Agriculture Committee, I naturally don't have any secret information. I cannot pass on the merits of the dispute, but I do know that we have only one or two locations now equipped to launch I. C. B. M.'s. Surely we need more. Surely we need to disperse our missiles. Surely we need to make our missiles mobile by constant movement on railroad trains, submarines, etc. so that no one could know where to launch an attack to destroy them. If there is doubt, let us resolve it in favor of a stronger defense.

BETTER-BRAKES...BUICK '60

BRAKES HATE HEAT!

Buick's fin-cooled Aluminum Drums get rid of heat quicker so you're safer!

Brakes generate their own worst enemy - terrific heat. Excessive heat is bad because it may cause brakes to lose part of their effectiveness. So the faster you can dissipate it, the better off you are.

Buick gets rid of heat faster by using fin-cooled brake drums. On the front wheels, where most of the braking is done, the drums are aluminum. They cost more to make but they shrug off heat much faster than drums made of ordinary

metal. Buick is the only American car that makes them standard, at no extra cost, because you will be safer with them.

Best time to buy a Buick '60 is now because you will get top dollar on your old car and have a wide selection of colors and body styles from which to choose. You can own a quality Buick for less than you might think, and your Buick Dealer can arrange terms to suit your budget.

Why Successful People Pay Bills By CHECK

They don't want to risk loss by carrying large sums of money around with them. They don't want to waste time running all over town to pay bills in cash. They do want a bonafide receipt (their cancelled checks) for every payment they make. They do want a clear record of how much they spent for what.

Some People May Be Losing Social Security Benefits

Some people may be losing social security benefits to which they are eligible. Maurice M. Chastain, Manager of the Temple Social Security Office, said today.

Chastain stated that "while almost everyone knows he can receive a check every month of the year if he does not earn over \$1200, many do not realize they are eligible for at least one check even if they work every month but do not earn over \$2000 during the year."

A beneficiary may also receive payments for any month in which he neither earns wages of more than \$100 nor performs services in self - employment, regardless of his total yearly earnings. The same rules apply to all people receiving social security benefits, including wives, widows and dependent children as well as the retired person.

"After age 72, there is no restriction on a person's earnings, although the \$1200 limit for the year and the monthly limits apply to all months before the 72th birthday," Chastain added.

If a person believes that he is eligible for social security benefits, he should inquire at the Temple District Social Security Office. The office is located at 909 First National Bank Building.

Page 10 CAMERON, TEXAS' HERALD, MARCH 3, 1960

Texas Guide For Controlling Cotton Insects Now Available

COLLEGE STATION — At least six major changes have been made in the recommendations covering the control of cotton insects for 1960. C. F. Garner, associate extension entomologist, says these changes have been called to the attention of all county agricultural agents in Texas and suggests that cotton producers ask the agents about them when picking up a copy of the new guide.

The guide, L-218, is now available from the office of the local county agent or the Agricultural Information Office, College Station, Texas. Garner points out that all recommendations in the guide are based upon results of experiments conducted by the Texas Agricultural Experiment Station and the Entomology Research Division of the U. S. Department of Agriculture.

As has been the case for several years, the control program

for 1960 includes early and late season control phases and suggestions for an early stalk destruction and farm cleanup, a very important part of the cotton insect control program.

Garner suggests that cotton growers pick up a copy of the guide at the first opportunity so plans can be made for carrying out a complete insect control program.

The entomologist has this final word of caution. All insecticides are poison and precautions given on the labels of containers should be followed to the letter. Special care should be taken in handling parathion, methyl parathion, demeton, guthion and phorate (thimet) to avoid prolonged contact with the skin or breathing the vapors or drift from either spray or dust.

More Profit When Seedling Disease Control Is Used

From \$15 to \$20 net profit an acre may be expected when in-the-furrow fungicides are used at cotton planting time to control seedling disease.

The value of seed treatment to prevent seed rot has been known for many years. However, seed treatment does not prevent seedling disease. This disease, more commonly known as "soreskin" or "damping-off", each year takes its toll of cotton seedlings and thus reduces stands and yields later in the year. It is caused by fungi which lives in the soil and attack young seedlings from the time of germination until true leaves begin to appear on the young cotton plants.

In 1953 research was started by the Texas Agricultural Experiment Station on the use of fungicides in the furrow and covering soil at planting time. From this work, a new method of control for seedling disease was developed. The method helps reduce risks and helps take guess-work out of cotton farming. Cotton growers who have fields where seedling disease in the past has been a problem should consider the practice.

The purpose of using in-the-furrow fungicides at planting time is to provide disease protection for the young sprout before and after it comes through the soil. A combination of captan, zineb and PCNB is suggested for general use in all areas. This combination can be applied as a spray or dust. Nabam is applied as a spray and can be used where soils have a pH of 7.3 or below.

Here are other practices which are also helpful in reducing seedling disease. Plant high quality seed which have been properly treated; plant in a good seedbed at proper depth and rate for the area; use recommended fertilizer placement and plant when soil temperature and moisture are favorable.

JOE MUECK and JOE MUECK II

Muecks Produce Winning Corn

A father and son have done well in an Area Corn Contest in 1959. Joe P. Mueck and his son, Joe Paul Mueck, II, have been producing some high corn yields south of Cameron.

Joe P. Mueck placed Second, and received a plaque, with his corn yield of 88.21 bu in a 31 county, Austin Area Contest, sponsored by the Dekalb Seed Company.

Joe Paul Mueck, II, placed First in the Area 5 irrigated Texas Hy-

brid Corn Contest with Kasch 30 hybrid. He produced 122.4 bushels per acre in the contest. With this yield he becomes a member of the 100 Bushel Corn Club in Texas.

To produce the corn, 200 pounds of 21 per cent Ammonium Sulphate was bedded into the land in the fall and after the corn was about knee high it was side dressed with 80 pounds of anhydrous ammonia. The corn was irrigated twice.

Some SS Benefits May Be Increased

Some social security benefits can be increased in some cases by additional work after a person first applies for benefits," Maurice M. Chastain, manager of the Temple Social Security Office, announced today. "But certain requirements must be met before the benefit amount can be refigured."

If a person continues working during the year he first files for social security, he may request that his benefit amount be refigured to include the total earnings.

ings for that year. There is no definite amount he must earn in the year, but it must increase the average earnings figured at the time of filing.

Another type of recomputation has a definite earnings requirement—earnings must exceed \$1200 in a calendar year after the year the person first filed for benefits. Even though the earnings exceed \$1200, the benefit cannot be increased unless the work since filing would raise his average earnings.

County Agent Notes...

Weather Bad For Farm Field Work

J. D. Moore, County Agent

Wet soil and cold weather hampered field work for the tenth consecutive week, causing farmers concern due to the approach of crop planting time. Approximately one third or more of the fields are of soil preparation, another one third of more of the fields are scheduled to receive applications of fertilizer prior to planting.

Farm operators should use caution in putting out liquid types of fertilizer. Bands of fertilizer placed four to six inches on the side of the bed or under the bed some six inches below the intended seed depth should not damage seedling plants. Seed should not be planted so near the liquid fertilizer that feeder roots of seedling plants will be in direct contact with the concentrated liquid fertilizer.

Operators should not become alarmed and discontinue use of liquid fertilizer because of this warning. The writer observed seedling corn planted so deep in the bed that feeder roots were in direct contact with liquid fertilizer. This occurrence was during the dry years

and other than a purplish, sickly appearance for some 10 to 14 days, no damage occurred. In fact, after irrigation, the corn made better than 100 bushels per acre.

Agricultural research to ask stockmen to assist with screw worm survey - Jim Harris, field worker with the Agricultural Research Service, will contact some two dozen stockmen in Milam County within the next few days to ask for their cooperation in collecting screw worm larvae and making a brief report on the case. Similar work will be done in adjoining counties. Our stockmen are encouraged to cooperate.

1960 COTTON INSECT GUIDES

The new cotton insect guides are available at the county agents office. A county wide cotton insect meeting will be held in Cameron on the night of March 24. All cotton farmers, ginners, implement dealers and insecticide dealers should make plans to attend this meeting.

Guest speakers for this meeting will be Fred Elliott and the Cotton Work Team from Texas A&M.

New Bulletin On Production Of Texas Cotton Out

COLLEGE STATION — Cotton is the most valuable cash crop in the most valuable cash crop second in acreage to sorghum for grain. For the five years, 1952-56, the Texas cotton crop, including lint and seed, had an average yearly value of more than \$720,000,000. This was more than three times the combined value of wheat sorghum grain and rice during the same period.

"Cotton Production in Texas," a new bulletin released jointly by the Texas Agricultural Experiment Station and Texas Agricultural Extension Service, discusses in detail virtually everything cotton producers should know about this important crop. Production practices, varieties, soil and climatic adaptation, preparation of land and seedbed, planting, cultivating, weed and insect control, and irrigation are a few of the many topics covered.

Trends in cotton production in the state is one of the most interesting features. The bulletin points out that since 1933 cotton production in Texas has been shifting from certain areas to others. A remarkable shift has been made to the extreme western, northwestern and southern portion, or to the Trans-Pecos, High Plains and Rio Grande Plain of Texas. These areas accounted for about

4-H Club Notes

Robert W. Hoermann, Ass't County Agent

Milam County 4-H members will have a number of exhibits in the Houston Fat Stock Show. The Junior Show will run from February 28 - March 6.

Members with beef steer entries are Patricia McClaren, Barbara McClaren, David McClaren, Larry Jungmann and Jeannette Richter.

4-H members with beef heifer entries are Ronald Litzman and Arvell Jungmann.

Johnnie Ray Richter has a Jersey cow and heifer entered; Ronald Kostroun has a Guernsey heifer entered.

Swine were entered by Henry Tomasek, Jr., Roy Tomasek, Joh-

nnie Richter, Jeanette Richter, Henrietta Richter, and Pat Tittsworth.

Broilers were entered by Henry Tomasek, Jr., Roy Tomasek, Henrietta Richter, Arvell Jungmann and Larry Jungmann.

Arvell Jungmann, Rt. 2, Buckholts, was one of 40 rural youths honored Wednesday February 24, at an Honors Award Banquet in the Rice Hotel, sponsored by The Sears, Roebuck Foundation.

Arvell received a Medal at the banquet.

Robert Jungmann attended the banquet with his son.

Seventy six Milam 4-H members received broilers on the courthouse lawn, through the Cameron Chamber of Commerce Broiler Program on February 26, at 4 p. m.

Sponsor and grower met for the first time and each will become better acquainted during the 9 weeks growing period, Show and Barbecue.

4-H members have an opportunity to learn responsibility and make money through this program.

Glad Times

MARCH, 1960

Published by the Gladwona People for the Home Baking Heart of Texas

\$100 TO HAMILTON HOUSEWIFE FOR 'QUICKIE' YEAST BISCUIT RECIPE

'BAKING HEART' OF TEXAS IS CONTEST AREA

The Baking-Recipe-of-the-Month contest is unique because it is specially designed for a unique part of America—the Home Baking Heart of Texas.

Here, where delicious yeast breads are the pride of all good cooks, this continuing monthly contest invites friendly competition, and the exchange of outstanding recipe ideas, between every homemaker and her neighbors.

There will be new cash prizes every month, new opportunities for homemakers to win deserved recognition for their baking skill.

An extra benefit—particularly for women who have never experienced it—will be the deep satisfaction of working with Gladwona Hard Wheat Flour. It's the flour made expressly for yeast breads, Texas style.

MRS. ALVIN C. PERRY, Hamilton, Tex.

Gladwona Hard Wheat Flour a 'must' for yeast dough, says Mrs. Alvin Perry

Delicate, fluffy "snow biscuits," so simple to make they're the perfect answer when you want to serve hot yeast bread on short notice, have brought a special Gladwona Flour award of \$100 to Mrs. Alvin C. Perry, Blue Ridge Road, Hamilton, Texas.

Mrs. Perry is donating half the money to the Blue Ridge Baptist Church for use in the Sunday School, where she taught for several years, and to further the work of the Baptist Training Union.

Regular Cash Prizes

The special award is a prelude to regular cash prizes beginning next month in Gladwona's Baking-Recipe-of-the-Month contest, now open to all homemakers in this area. The complete recipe for "quickie" snow biscuits is printed below, in file card size, for Glad Times readers.

A long-time user of Gladwona Special Hard Wheat Flour, Mrs. Perry has tried other flours when Gladwona was not available. "It's always a disappointment," she says. "It's like trying to make orange juice with apples. All-purpose flour was never intended for yeast breads."

'Smooth as Silk'

Mrs. Perry is passing along her baking know-how to her daughter, now in high school. First lesson: how to recognize good dough by its "feel" in your hands.

"Perfect yeast dough is smooth as silk, and so elastic it springs back 'alive' when you poke it. That's the dough you always get with Gladwona Hard Wheat Flour. But when dough is sticky and limp, with no strength or snap to it, you're off to a bad start. It won't rise properly, it'll have 'tunnels' and 'scars,' and it just can't hold all that good yeast flavor."

GLADIOLA SPECIAL HARD WHEAT FLOUR

Contest a 'Good Thing'

Gladwona's Baking-Recipe-of-the-Month contest, says Mrs. Perry, is "bound to be a good thing" for any woman who now uses all-purpose flour for light bread, rolls and other yeast breads. "She's going to try Gladwona Hard Wheat Flour, and from then on it'll be a must."

Rules of the contest, which pays \$200 in cash prizes every month, appear in other columns of Glad Times.

11 CASH PRIZES EVERY MONTH

Here are easy contest rules

1. Anyone may enter Gladwona's Baking-Recipe-of-the-Month contest except employees (and their families) of Fant Milling Co., its affiliated companies and its advertising agency.
2. Write down your favorite yeast bread recipe using Gladwona Special Hard Wheat Flour. List all ingredients, then explain briefly each step in the procedure.
3. Cut off the strip that says "Gladwona Special Hard Wheat Flour" from the folder enclosed in every bag. Send it—with your recipe, name and address—to Glad Times, Sherman, Texas.
4. You may send in as many yeast bread recipes as you wish. Mail each recipe in a separate envelope, enclosing a Gladwona strip as explained in Rule No. 3.
5. Each month's recipes are judged separately, with an independent graduate home economist as the final judge. Recipes received in March will be eligible for prizes to be announced in June.
6. For the outstanding recipe received each month, Gladwona will pay \$100. Half the prize money—\$50—goes to the homemaker who submitted the recipe. The remaining \$50 goes to the church of her choice as her special contribution.
7. Ten other yeast bread recipes will be chosen each month for Honorable Mention prizes of \$10 each.
8. All recipes submitted become the property of Fant Milling Company, Sherman, Texas, with full publication rights. Recipes cannot be returned.

'QUICKIE' SNOW BISCUITS

Gladwona's Baking Recipe of the Month

Mrs. Perry's Snow Biscuits

(A simple recipe for hot yeast bread when time is short)

- 1 cup warm water
- 1 tablespoon sugar
- 1½ teaspoons salt
- 3 tablespoons melted shortening

- 1 package active dry yeast
- About 3 cups sifted GLADIOLA Special Hard Wheat Flour

Put warm water in mixing bowl; add the sugar, salt and shortening, then the yeast, stirring until dissolved. Add GLADIOLA Special Hard Wheat Flour to make a soft dough. Turn onto a lightly floured board and knead for 5 minutes. Let rest for 8 to 10 minutes. Roll out ½ inch thick, cut with a biscuit cutter. Place in a lightly greased shallow pan, and pierce each biscuit four or five times with the tines of a table fork. Cover and let rise 20 to 30 minutes. Bake in a hot oven (425 degrees) 15 to 18 minutes or until browned. Makes 24 2-inch biscuits.

(Clip this recipe and paste on file card)

For COLDS take 666

Raise a college education in a sorghum field?

It's not fantastic! And here is why:

One leading farmer with 250 acres of maize reported a yield increase of 1625 pounds per acre after application of Phillips 66 Ammonia. He cut a total of 7250 extra bushels of grain and netted \$4050 in increased profits after deducting the cost of ammonia. This extra income for only two years—a total of \$8100—will more than send a boy or girl through college.

Ask your Phillips 66 Distributor to show you how Phillips 66 Ammonia can help you and your family live better through higher profits per acre.

	*Using Phillips Ammonia	Without Ammonia
Fixed Cost Per Acre	\$39	\$39
Ammonia Cost Per Acre	\$7	—
Yield Per Acre	97 bu.	68 bu.
Net Profit Per Acre	\$31.60	\$15.40
INCREASED PROFIT PER ACRE \$16.20		

*Example only. Grain sorghum 80¢ bu. Results vary, according to soil fertility, available moisture and cultural practices.

Party Given By Fulmers Honors Son On Birthday

By Mrs. Jim Harlan

A large tiered cake decorated with cherries and coconut and topped with two candles highlighted the party given by the Rev. and Mrs. Bob Fulmer Saturday afternoon for their son Mark. A Wishing Tree held the gifts and Pin the Donkey Tail and bobbing for apples added to the entertainment.

Mrs. Bill Gause reports that the total amount of money raised for the March of Dimes was \$115.37.

The Womanless Wedding which was planned for the March of Dimes has been delayed because of the bad weather. It is now being planned for the benefit of the Boy Scouts and will be "produced" later in the spring.

James Payne entered Searcy Fleming Hospital Saturday with an infected finger. He cut his finger and several stitches were required to close the wound.

Mr. and Mrs. Bill Holloran have recently moved to New York. He is employed in the Immigration Service. She is a former Gaudite, Mary Jones Holloran.

Mrs. W. L. Cass and Mrs. Minnie Buffington spent the week in Cameron with Mr. and Mrs. Malcolm Cass. Karl Cass came from Houston to visit his mother this weekend and went to Cameron after them.

Mrs. Edrie Browder went to Austin Monday to attend a study of Texas Schools Text Books.

Mr. and Mrs. Wilbur Synnott and children of Victoria, spent Sunday and Monday here with Mrs. George Harrell.

Mr. and Mrs. Leo Bowling are both in the Home Hospital since Saturday morning. Mrs. Bob Fulmer is substituting for Mrs. Bowling as a teacher in the Milgro School during her illness.

Mrs. Leah Webb has gone to visit in Houston with her city kin. She plans to stay until the weather improves and she has her physical checkup with her doctor there.

Mr. and Mrs. Gayle Drago are

out the weekend in Fort Worth where she was to bowl in a tournament. Daughters, Sherri and Cindy visited grandparents, Mr. and Mrs. Blake Bailey and Mrs. Bailey took them home Sunday.

Mrs. G. H. Harrell, Mrs. Allen Varner, and Mrs. Terry Moore visited Mrs. J. H. Thomas at Buie Hospital in Marlin Wednesday. Mrs. Thomas is now in Bryan visiting with Mrs. J. Z. Young. Mrs. Make McDermott of Cameron is also there.

Bob Garrison's family gathered Wednesday night at his home to celebrate his birthday with him. Mr. and Mrs. Ira Denman and Alice enjoyed a visit on Sunday from Mr. and Mrs. G. M. Drago and their children from Houston.

Mr. and Mrs. Ray Smith had dinner in their home in Calvert Thursday night for Mr. and Mrs. J. A. Smith to honor him on his birthday.

Sandra Slay celebrated her tenth birthday Friday, Feb. 26th. Bill Gause visited the S. S. Moore

family in Crystal City Monday and Tuesday. Joe Moore and O. L. Harlan visited them Saturday and Sunday. Mrs. S. S. Moore is now returned to the Crystal City Hospital. She was in the Baptist Memorial Hospital in San Antonio for three weeks.

Mrs. Bill Gause and children attended a party given for Sharon Kerns Saturday afternoon to celebrate her birthday. The cake made quite a hit with the children. It was made to resemble a clock, with the hours marked by gum drops and the red stick candy hands pointed at the 7.

Koye Cass left Gause Friday afternoon for California on the first lap of his return journey to the Philippine Islands where he will be stationed for the next months.

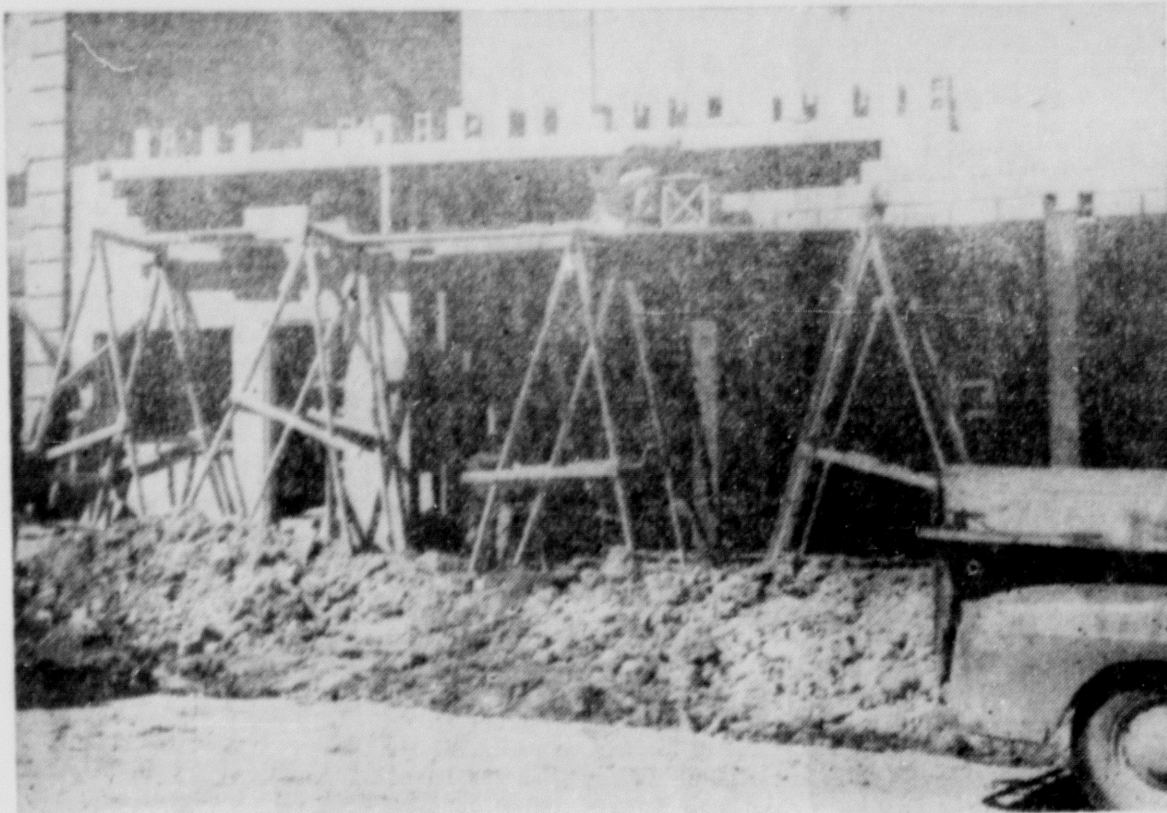

Francis Cox To Judge Jacksboro Band Festival

Francis Cox will leave today for Jacksboro where he will act as one of the judges at the Ninth annual Jacksboro Band Festival.

This festival will be held Friday and Saturday and will feature 48 bands from the North and Northwest regions of Texas. At this festival the bands will engage in contests of concert playing, sight-reading and marching.

The other judges to participate in this festival will be Maurice McAdow, director of the North Texas State College Band, Lyle Skinner, director of the Waco High School Band and Robert Davidson, of the Plainview High School Band.

ROGERS FIRE STATION — The Rogers Fire Station will be completed and ready for use in about 2 weeks. The station is being built with donations. No general fund drive has been made and about \$1,200 is still needed to complete the station. The new station will house fire trucks. —Stafffoto

Troop 107 Start Active Meetings Again In Rogers

The Boy Scout troop 107 of Rogers has started back as an active troop. The troop has not been meeting for some time because of change of scout masters. Carrol Burcham is the new scout master and J. LaCook is the assistant scout master. They have completed the basic training of six hours in training and 14 hours in outdoor training at Camp Tahuaya.

The troop met at the scout hut Thursday night at 6:30 p. m., according to Mr. Burcham. The boys of the troop who recently registered are: Don Farrell, Carl Foster, Edward Clanton, Curtis Shipley, Chandler Sisco, and Richard E. Franklin. Other boys are already wanting to join the troop.

The troop, sponsored by the Rogers Community Service Club, has the following committee members: B. F. Harbour, Wayne Crawford, Bob Persky, C. O. Mayfield, Jr. and James Shook.

12 Baylor Students Have Barbecue

Twelve students of Baylor University in Waco had a barbecue chicken supper Sunday evening in the home of Mr. and Mrs. B. F. Harbour, coming down as guests of Bruce Harbour, one of the students. Included in the group were Coy Dillard with Joy Ingendorf, Harry Greene and Becca Fraser, Don Bouldin and Ann Massey, Diane Humphreys with Bruce, Larry and Sonja Rohrman, Larry Harbour and Pam Merka.

After the supper, the group attended services at the Val Verde Baptist Church where Larry Rhorman is pastor. Most of the group are Baylor seniors.

Johnson Returns To States After Tour

MAYPORT, Fla. (FHTNC) — Jesse A. Johnson, steward first class, USN, son of Mr. and Mrs. Columbus Johnson of Cameron and husband of the former Miss Theda B. Bara of Green Cove Springs, Fla. serving with Fighter Squadron 62, returned to Mayport, Fla., Feb. 26 aboard the attack aircraft carrier USS Essex after a seven-month tour of duty with the U. S. Sixth Fleet in the Mediterranean.

The oldest active duty carrier in the Navy and second only to the old USS Saratoga in the number of arrested landings made, the Essex is scheduled to enter the New York Naval Shipyard for conversion to an anti-submarine warfare carrier.

Students, Faculty Ready For Rogers School Visitors

The faculty and students of the Rogers High School were ready Monday for the largest number of school patrons to ever visit the local schools, for the week of Feb. 29 - March 4. The number has been increasing from year to year as the idea has caught on and has been pushed by the school officials.

Patrons were invited to visit school in general and classrooms in particular any time during the week. The Parent Teachers Association held the March meeting on February 29 in order to have the meeting during the week of special emphasis. In conjunction with the P. T. A. meeting, the teachers were in their rooms to receive parents in open house fashion. Students are registering patrons in each classroom and show the parents about the room. There are exhibits of regular class work in each room, and regular classroom work will be carried on throughout the week.

The Student Council with Martha Ann Necas as president is operating an information and welcome booth in the main foyer of the high school.

A new feature added at Rogers this year was a special day for the recognition of Grandparents on Wednesday, March 2. Note was taken of the grandparent with the largest number of grandchildren currently attending the Rogers schools, the ones who came the greatest distance to attend school, and the oldest grandparent.

Every student throughout the school system has written a letter to his own family or to a relative or friend, inviting them to come to school this week. This was part of the English language arts program and the letters were graded by

the teachers. Posters made in various rooms are on display. The actor Mel Rogers, Mr. J. A. Dabney, issued a proclamation asking the people to visit their schools. The School Board of Rogers, Charley Bartek, president, urges all the people of the district to visit their schools. Visitors are invited to make reservations for the meal with the homeroom teacher of their children.
